JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

FOREIGN AND INSULAR.

CURRENT QUARANTINE MEASURES.

[From the Veröffentlichungen des kaiserlichen Gesundheitsamtes, Berlin, February 15, 1905.]

PORTUGAL.—By ministerial order of January 31, 1905, the port of Para is declared plague infected since January 1.

EGYPT.—The standing committee of the International Board of Health at Alexandria has, according to advices of February 1, resolved to apply the regulations against plague to arrivals from Broach at Egyptian ports.

According to advices of February 4, the board of health resolved to suspend the precautionary measures applied to vessels leaving Egyptian ports from January 31.

DUTCH INDIES.—By orders of December 31 and January 4, quarantine against Hongkong is suspended and ordered against Suez.

AFRICA.

Report from Lourenço Marquez—Suspect plague at Magde.

Consul Hollis reports, January 17, as follows:

Referring to my dispatch of November 21, 1904, in which I reported that there was no more suspected plague at Magde, I have just been informed by the secretary-general of this province that there are 5 cases of suspicious sickness at Magde, but that all the necessary measures to isolate these cases are being taken.

ARABIA.

Reports from Aden—Plague.

Consul Masterson reports as follows:

Plague cases and deaths at Aden week ended January 28, 1905.
